<p>The road that these proposed buildings are to be erected is extremely narrow and parking is an issue already as it's only wide enough to park on one side. All the houses already existing do not have off road parking and most have two or more cars to park. If the proposed houses have off road parking then it will be extremely dangerous to enter the road especially if they're reversing on to the main road.</p> <p>The existing houses will also lose their view and will be looked onto by the new proposed houses.</p>
