<p>I support the application to change the use of the buildings into residential use, the area needs regeneration through the use of the building.</p> <p>However splitting the Red House into two properties and not keeping it as one house goes against the 100s of years history of the building and degrades the listed building status. Keeping the house as one property and not changing the configuration supports the listed building status and doesnt dilute the rich history of the building</p>
