Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>Lumb Lane is far too narrow along this particular section of the road to accommodate an additional 5 new houses. Visiting several properties along Lumb Lane in the past 36 months, I have had my access along the road frequently blocked by builders merchants lorry's. Upon them spreading their vehicles stabilisers to off load their deliveries the road is impassible. After unloading the drivers then have to reverse back the full length of Lumb Lane and onto Sharp Lane. This is a very highly dangerous manoeuvre as the drivers never have a banksman to watch and assist. This will made even more dangerous as the large lorry's will have to navigate the double bends just before the row of existing cottages, situated just prior to the former nurseries site. Additionally when the residents park their cars and vans in front of the row of cottages, passing these vehicles in a small van is difficult. Builders merchants vehicles and cement vehicles for example are much bigger still and will seriously damage the pavement in front of the cottages. Anyone with any common sense knows this a too large a development and would create a lot of disruption to all the current people who travel and walk along Lumb Lane</p>
