Re,application no. 2025/48/9243/W. I wish to object to the planning application above on the grounds that in my opinion these alterations will kill this market stone dead. I speak as an ex market trader who stood on Huddersfield open market for 23 years before I retired and also as a regular customer. I know many of the traders who stand there on Saturdays and Tuesdays and all that I have spoken to are extremely concerned, indeed many are approaching retirement and have said they will retire early rather than stand outside on temporary stalls for the best part of 2 years. If you lose these traders there will be no one to replace them as the youth of today have no interest in becoming a market trader. As it is, the market is a busy vibrant environment. Do you really want to risk that for the sake of yet more food outlets and an "events" area that will hardly be used?
