<p>I am writing to object to this planning application for the following reasons:</p> <p>Living in Huddersfield for several years it has been a pleasure and a pain to witness how much everything has changed, and not for the better unfortunately.</p> <p>Huddersfield's Outdoor/Open Market is only remaining place in town which still thrives and brings people together. The closure of it shall have a direct on the livelihood of almost 150 people.</p> <p>With uprising costs, the market is the only remaining place where people of all ages can shop affordability, and and interact with each other. It is a place where food can be purchased for families and second-hand pre-loved items can find new owners.</p> <p>Stall owners, who have worked there for decades have brought nothing but good companionship and pleasant experiences. Without them all the community of Huddersfield shall have a loss.</p> <p>If the Huddersfield's Outdoor/Open Market shall close down, that shall erase the remaining part of the "old-town", all the history, all thee authenticity. It is sad to witness so many properties being demolished and "upgraded", when in reality the market is a living momentum of the past. Why destroy it? Why modernize it ?</p> <p>There are enough "modern" shops all over Huddersfield, yet the market is the only place which has kept it's character.</p> <p>Do not close down the market. Without it - a drastic part of Huddersfield shall be lost.</p>
