Subject: Planning objection.

To whom it may concern.

I am writing to show my objection to the planning for the Huddersfield market, as outlined here:
<https://www.kirklees.gov.uk/beta/planning-applications/search-for-planning-applications/detail.aspx?id=2025/92443>

The proposed application would mean that too many stall spaces for the market would be removed, rendering it useless for what it is intended. I enjoy the Saturday markets and the autojumbles held here, and I am concerned that these would not be hosted here to the same extent, driving away customers who would otherwise visit.

Kind regards,

302 Vicarage road HD3 4HJ
