| <p>We have been using this market for over 14 years and have taken almost all visiting friends to go and visit. A new complex with possible indoor heating will completely outprice existing stall tenants. There are other vast malls and shopping complexes throughout Huddersfield town central with many empty shops so it is not as if another similar site is required. This is certainly the 'poorer tenants' market and I have always admired the council for recognising this niche within the greater scheme of things. Please keep it as it is. Thank you. X</p> |                              |
