Its not an out right objection its a plea to think. We have had so much building in the area and lost so much green belt. One of the residential properties attached to the stables there, is currently for sale and not selling. Why are we demolishing buildings to build more residential buildings. If you look round Meltham there are plenty of modern houses for sale. The plans were very vague as to what was being erected. Not even stating number of bedrooms. So please think before allowing this.
