Do you wish your comments to be published on the website anonymously?	Yes
There is already a outside building in the garden since 2018 so I don't know how and where mr valli is putting another building there as it exactly where the plans are showing there is a working kitchen inside the building and the work doesn't look like right. Gas pipes are exposed and wires going from one building to the other so someone needs to come and check it out as if anything should happen it is going to effect my house too.
