| <p>We strongly object to this proposal due to the following reasons. And more than happy to clarify in further detail.</p> <p>I would suggest that a site visit is carried out from the council so the scale of the impact can be seen in real terms.</p> <p>Restrictive access to our property. Harm to protective species that already habitat in these areas. Such as bats, woodpeckers, Owls and badgers. Protected trees. Negative impact on privacy and noise. Adverse impact on scenery and landscape. Loss of light from new dwelling. Decreasing impact on the value of my property. Negative impact to the public.</p> | |
