Dear Will,

We confirm the following in relation to Condition 11 of the planning application ref 2024/44/92292/W:

Declaration of Safety:

The operation to stabilise the underlying mineworkings by a grouting operation was successfully undertaken and overseen by ARP Associates.

An appropriate reinforced concrete foundation slab has been constructed in accordance with James Dalton Consultants Ltd design, all as given on the contract drawings, to support the mixing plant.

The safe preparation of the site is complete.

Yours sincerely
James Dalton BEng (Hons) MStructE
