Owing to the close proximity to other residential properties including my own I am concerned about noise during the construction process which I would request should be restricted to sensible hours (i.e. not early morning or evenings or Sundays) and am also concerned about the potential disruption to traffic and safety issues caused by vehicles delivering raw materials etc from Hopton Lane, as the access is not wide enough for larger vehicles, artics etc to get right to the site. Similarly I would also request that construction workers vehicles should not park on Jackroyd Lane. Lastly, the adjacent woodland is populated by hedgehogs and the construction may negatively impact this declining species.
