<p>Firstly we would like to point out that there is no written submission for public viewing in the location of the proposed development.</p> <p>This proposal shows only 2 off road parking space for a dwelling which has a minimum occupancy of 3. The parking spaces are also next to the junction of Martin Bank Wood, which we feel would be detrimental to the safety of pedestrians and other motorists. Somerset Road is already congested in this area with the obvious lack of local residential parking.</p> <p>We notice that the new plan is relatively identical to the previous plans with the exception of one of the bedrooms now being listed as a second living room.</p>
