Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

This application proposes a modest yet sensitive alteration to a Grade II listed former weaver's cottage located in Marsden, West Yorkshire. This intervention has been designed to enhance the legibility of the building's historic fabric while supporting its continued use as a dwelling.

Removal of Non-Original Internal Partition Wall

It is proposed to remove a single internal partition wall situated on the ground floor, which physical and material evidence strongly suggests is not part of the building's original construction. Notably, the wall in question sits atop a continuous stone-flagged floor, uninterrupted beneath its current footprint—indicative that the floor predates the wall and was originally laid as an open expanse.

The wall's construction lacks the structural characteristics of the original cottage fabric and is believed to have been introduced as part of later domestic subdivision, or possibly structural. Its removal will reinstate the more open-plan character associated with early weaver's cottages, which typically featured unbroken work or living spaces to support domestic textile production.

This change will reveal more of the original floor surface and allow greater appreciation of the building's historic volume and plan form, all while preserving surrounding heritage fabric and respecting the proportions of the interior.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
