TOWN AND COUNTRY PLANNING ACT 1990 Town & Country Planning (Tree Preservation)(England) Regulations 2012

NOTICE OF REFUSAL OF CONSENT TO FELL AND/OR PRUNE

Application Number: 2025/92631

In pursuance of its powers under the above mentioned Act and Regulations and the Tree Preservation Order made by the Kirklees Metropolitan Council (hereinafter called 'the Council') as Local Planning Authority and pursuant to the application submitted to the Council on 18-Sep-2025:-

THE COUNCIL HEREBY **REFUSES** TO CONSENT TO THE CARRYING OUT OF THE FOLLOWING OPERATIONS TO THE PROTECTED TREE(S) TPO No. HU1/71

At: Thornhill House, 7, Thornhill Road, Edgerton, Huddersfield, HD3 3AT

Remove or reduce below the gutter.

The **REASONS** for the Council's decision to refuse to grant consent are:

1. This tree is a prominent landscape feature in the locality and as such contributes significantly to public amenity consequently the grounds for its removal / the pruning proposed must be weighed against the amenity it provides.
2. Falling branches are a safety hazard. However, in the absence of a systematic tree survey, and on the basis of what I have seen, I am not persuaded that the regular

cleaning out of deadwood would fail to reduce the risk of such incidents to a safe level.

3. Trees such as these could cause damage and or personal injury if they failed but that can be said of any tree and is rarely, if ever, a reason to justify removal of a healthy protected tree. Moreover, the tree is mature and has been growing at this location for many years; it is adapted to its normal wind environment and no signs of root plate movement or other signs of potential failure were evident.
4. There was no evidence from an appropriate expert submitted with the application to show that the tree was dangerous as required in section 8 of the application.
5. Reducing the height of the tree will spoil the shape and form of the tree and will adversely affect its future viability. Accordingly, it is not an appropriate pruning operation.
6. The size of the tree and proximity to the house is not a justified reason for removal.

In assessing compensation so payable, account shall be taken of:

- a) Any compensation or contribution which has been paid whether to the claimant or any other person in respect of the same trees under the terms of the said or any other Tree Preservation Order under section 29 of the Town and Country Planning Act 1962, or under section 203 of the Town and Country Planning Act 1990, or under the terms of any Interim Preservation Order made under section 8 of the Town and Country Planning (Interim Department) Act 1943, or any

compensation which has been paid or could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act 1932; and

- b) Any injurious affection to any land of the owner which would result from the felling of trees subject of the claim.

A claim for compensation under the Order shall be in writing and shall be made by serving it on the Council, such service to be effected by delivering the claim at the offices of the Council addressed to the proper Officer thereof or by sending it by prepaid post so addressed, within 12 months from the date of the decision of the Council, or of the Secretary of State against the decision of the Council from the date of the decision of the Secretary of State on the appeal.

Any questions or disputed compensation will be determined in accordance with the provisions of section 179 of the Act (or as amended).
