<p>This developer has recently completed the conversion of Manor Farm Barn into two 5 bedroom dwellings. However, the developer breached the planning approval conditions (COMP/24/0368). Chris Cockcroft - Planning Enforcement Officer at the Council has been dealing with this breach. This was reported in July 2024 and the developer has refused to apply by the planning decision.</p> <p>I therefore have concerns with the developer adhering to any approval decisions. Aside from the noise and disruption suffered over the past 2 years, including work being carried out at weekends and bank holidays.</p>
