Subject: Planning application 2025/92708

Categories:

Good afternoon

Please take this email as my official objection to this application on Brooke Street Cleckheaton.

The parking on Brooke Street is extremely difficult due to the amount of houses and a lot of families having 2 cars.

This will only drive more traffic up and down the road. Which can already be congested due to people using it as a rat run during rush hour.

The notice has only been erected on the telegraph pole today so although your website says comments are closed, this should be added as we have only just become aware of this.

Please let me know if you need any more information. Thanks
