**Subject:** 25 Moor Lane BD

I am pleased to support this prospective building works which is directly behind my house.  
Number 25 Moor Lane BD19 4LF

The builder Joe has been communicative, helpful and promised to complete the works to our property as soon as the planning has been approved.

These include new gates and an acoustic fence, whilst being part of the plans when we bought this property, confirmed by my conveyancing solicitor and the sellers solicitors.

We are anxious that this work is completed soon as the preliminary work has left our property exposed, with no boundary for privacy or safety.

I support this application and am happy with Joe's communication so far

Regards
