I Object I regularly use the Bridal Way on Red Lane both for riding a horse and walking my dogs. Since the opening of the business I have found a marked increase in vehicle traffic and parking. Previously a vehicle reversing out of this business came into my path whilst riding my horse! This is both hazardous and detrimental to the safe use of the Bridal Way. This area of Meltham is an area of great beauty and I feel should be unspoiled by the opening of anything of a business or commercial nature
