User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>My Objection is to the change of character to the area which is an area of unspoilt countryside and a area which is enjoyed by many people from all aspects of life. The Bridal way condition is deteriorating and further vehicle use will only make it worse.</p> <p>I have noticed from a previously refused application (2023/62/92960/W) Consultations were invited from other department and bodies which also objected to this application have these been consulted again or are they still relevant? I have listed them below for reference.</p> <p>Consultee Responses [id 1028588] Size: 446KB 13/02/2024 - KC PROW Consultee Responses [id 1025644] Size: 71KB 23/01/2024 - KC Environmental Health Consultee Responses [id 1020855] Size: 40KB 13/12/2023 - No additional annotation Consultee Responses [id 1019953] Size: 635KB 06/12/2023 - No additional annotation Consultee Responses [id 1019579] Size: 211KB 04/12/2023 - The British Horse Society Consultee Responses [id 1018626] Size: 468KB 28/11/2023 - Meltham Town Council</p>
