<p>The development is very large and has a direct impact of the openness of this area of Meltham.</p> <p>The bridal way at the top of Red lane is the gateway to such a beautiful area of Meltham and should remain unspoiled.</p> <p>The stable block can be seen very clearly from the road and bridal way and appears larger than what would be required to serve the land it is on.</p> <p>A previous refused application mentions its use as Boarding Kennels and that one of the stables being converted is being used for the owners dogs, would this not be necessary if the adjacent business was not operating which also appears to have no planning permission!</p>
