<p>I cannot fathom another build in Shepley, especially on an area that should surely be green belt.</p> <p>So many fields and areas of habitat for wildlife have been, and are currently being, destroyed. This is adding- and would add- to sewage and pollution including noise pollution.</p> <p>The roads are diabolical throughout Kirklees, but Shepley and immediate surrounds areas are really shoddy. More houses= more vehicles and further damages to the roads.</p> <p>There isn't enough road safety in Shepley and another development near the school brings its own problems.</p> <p>The infrastructure of the local community- ie the doctors, schools, and dentists etc are already oversubscribed and overwhelmed to the demands, now imagine adding 110 residencies/families to that.</p> <p>We don't have enough public transport services - or at least ones that are decent to meet the requirements of commuters- or to make them attractive to leave cars at home.</p> <p>The local shops are not great for supply and demand as it is and the parking is disastrous!</p> <p>How would it affect the postal services and the bin collecting- areas that are already going downhill.</p> <p>The housing prices/market is ridiculous and "affordable" housing doesn't match the countries inflation rates in relation to income.</p> <p>I am very much against this.</p>
