<p>I am objecting to this development on the basis that the proposed land is green belt land which should not be developed. Shepley has already seen a considerable amount of development, including the ongoing Vivly Living development on Abbey Road which is causing considerable disruption to residents and those who work in or travel through Shepley. This proposed development will again utilise Abbey Road, further adding to the traffic and congestion.</p> <p>Considering the huge amounts of development elsewhere in Denby Dale & Skelmanthorpe, there are not sufficient resources in the local area in terms of school places, doctors surgery appointments and so on to support an increase of population of this size.</p> <p>I urge the council to stop overdeveloping these small villages and instead consider what is in the best interest of residents, and look to utilise the numerous brownfield sites across Kirklees that exist in areas where there are sufficient public resources to meet such an increase in population.</p>
