<p>Shepley as a village is already overpopulated with very busy roads particularly the main roads Abbey Road and Lane head road which is already an accident black spot. The side roads can not cope with extra traffic. The local schools are full the doctors are full and there are no places available for people to get a nhs dentist. Houses have already been built on a large amount of Shepley green space already destroying wild life and destroying this once peaceful village. These houses are not affordable homes because no homes are affordable now in this area.</p>
