<p>Do not let this happen.</p> <p>This will have a substantial negative impact on the whole of Shepley, removing village life as we know it. The drinking water will be massively affected, the landscape and wildlife hugely affected. Wild animals in their natural habitat will be destroyed, the public path apparently used for traffic to build said housing estate will be taken away from us, shepley already has new housing developments we don't need another. Pollution and change in the environment will negatively impact each and every one of us, at the moment it is an amazing place to live.</p> <p>Do not turn it into another Tameside.</p> <p>We are a village and wish to remain a village. Even the local library doctor and shop do NOT have the capacity to deal with another 100+ houses and their residents.</p> <p>You will be taking away our resources, the things that make Shepley great.</p> <p>There is not any room for extras it's fine as it is. If it isn't broke don't fix it.</p> <p>Go and put your houses somewhere else, find another field where planning permission is not going to be contested.</p> <p>The schools in the vicinity do not have the capacity to accommodate an entire housing estate, village schools are more personal.</p> <p>Selfish and greedy of the developers to want to disrupt village life, taking away everything we know and having to stretch things a whole lot further making our village a mini town. Money, personal gain and power for the developers but lower quality of life for those already living in the village.</p> <p>I suppose the director of the company lives in a remote and rural area and would be dead against anything happening like this in their village.</p> <p>Shepley is rural, a village tha works perfectly just as it is.</p>
