<p>I strongly object to this development. It will be built on greenbelt land, which is so precious to nature and our village. The new homes will be very close to the war memorial which is a area of great local importance. Traffic is a huge issue in our village. We have recently petitioned for a speed camera, which has been given the go ahead. To walk your child to school is a special thing. It should be safe to do this. More cars from 110 homes will take this away. My son rides around this village. He should be able to ride his bike, but more cars, more parking issues will make this impossible. The school already has a lot of parking issues around it. Enforcement has been out recently to tackle this. We dont need more cars to add to this problem. Shepley Spring business should be supported, as a thriving local business, not have its business threatened by a non local builder, who is only going to bring misery to this village. Shepley already has 3 large new developments. We have been subjected to traffic noise & disruption from waggons enough.</p>
