<p>I sincerely hope this building development is withdrawn. It seems ridiculously large and when construction is underway it will be a living nightmare for the residents of Eastfield and Stonecroft gardens as well as disruptive to the school environment with all the noise and dust. A larger school will be needed also to accommodate the new residents.</p> <p>It will not only spoil the green belt of Shepley but it will cause major traffic disruption in and around the shops and schools, (both during construction and then afterwards, as a new 200 plus population begins to emerge).</p> <p>Marsh Lane is already a busy main road with crowded parking at the shops. The GP surgery is already at full capacity.</p> <p>There is plenty of new housing already underway in and around Shepley which the village welcomes.</p> <p>This proposed development is totally in the wrong place for Shepley Spring a major business contributing to the local employment and the wider UK economy. The building works are likely to contaminate the spring water which would be disastrous to the business. Please do the right thing and refuse planning permission.</p>
