<p>I wish to object to the planning application for a housing development near Eastfield, Shepley. This development is huge for a village the size of Shepley. We have already had three new housing developments in recent years, one of which is already on a large scale.</p> <p>My main concerns are as follows :-</p> <ol style="list-style-type: none">1. The roads becoming even busier especially the junction from Lea Drive on to Abbey Road South and likewise the junction at The Knowle.2. The potential effect that the development will have on Shepley Spring Ltd regarding possible contamination of the bore holes. Shepley Spring Ltd has been an excellent supporter of various local events and groups and is a valued asset.3. The Co-op on Station Road is only small and not used by most people we know for major shopping, so cars will be used to get to major supermarkets.4. Rail transport links to and from Shepley Station are very infrequent and can't always be relied upon.5. Shepley First School may not have enough room to cope with the influx of extra families. This would mean that existing families who already live towards the edge of the school catchment area may not be able to get a place in the future and would have to travel out of the village to go to school. <p>Finally, I feel that Shepley doesn't need more housing development and if this planning application is approved our quality of life will certainly be badly affected.</p>
