<p>The field is in green belt so I can't understand why it's even being considered. There is no need for extra houses in Shepley, the ones that are currently being built aren't selling.</p> <p>The schools and doctors are already At capacity with no real alternative locally. And def nothing in walking distance. The roads into are bad enough on a normal day without adding an extra 200 cars a day which will be compounded by the 2 new developments on Penistone Road.</p> <p>The Crossroads and Lane End regularly have accidents on them, this will not make the road any better ! In fact it will make the road even worse with extra cars joining the road with bad visibility.</p>
