<p>I am a single mum with a 5-year-old child. Shepley is at the moment a safe place, because I know majority of people. We also walk our dog around Shepley, often walking on pavement. The village feel and atmosphere has already changed a lot since since new developments went up. If a permission is allowed Shepley will stop being a village, this will impact how safe my daughter and I feel, but also where we can walk. I understand there is a shortage properties but there are other premises and buildings that can be adopted for housing. Don't let Shepley be another place to become a concrete jungle. It's a beautiful and safe place to live in, surely that matters. Allowing this permission with be a permission for others to adapt green belt for developments. That will impact the country severely. Thank you, I trust you will act in our best interest.</p>
