| <p>Over the 35 years of living in Shepley, I have seen a steady decline in our village. Its shops have closed, its roads are congested and in disrepair, it's green spaces are in decline and wildlife is slowly disappearing.</p> <p>The village centre is regularly at a standstill, it has no parking leading to people dumping cars in dangerous places with no thought for other road uses or pedestrians. Its narrow roads are already struggling with the amount of traffic, the addition of another 110 houses on Eastfield and the yet to be completed building work at Tenter Hills Gardens will only increase this.</p> <p>Our children have to cross a busy main road every morning and evening on a dangerous unmanned zebra crossing to get to our already stretched school.</p> <p>Despite the continued building, our children still cannot afford to buy and live in the village they grew up in. The continued granting of planning permission with its so called, and very few, affordable homes are still financially out of reach for most of our younger generation.</p> <p>These houses will not enhance or improve our village. Shepley and its surrounding villages will soon become one, we have already expanded to our seams and have done our part in the governments national planning policy.</p> | |
