<p>Myself and my wife recently had a little girl. She is nearly three weeks old. Before she was born we were looking into nurseries. We looked around a number of places. Within weeks a number were already booked out. This was a year in advance.</p> <p>This would be the 4th housing estate in Shepley. In the most recent census the population was circa 3000 people. Vivly living is adding over a 100 homes. This new estate is over 100. At 3 people and 2 cars on average per household we would have an added 20% to the village in under 6 years. 600 people and 400 cars. That is just madness.</p> <p>The infrastructure and local amenities cannot support this. The roads are congested, we have accidents on them all the time.</p> <p>I also object that the new build houses are so expensive. The most recent 2 beds which the new ones will most likely follow suit. 300k for a 2 bed. 10 times the local median salary. The 3 bed semis are nearly 400k. It is an outrage.</p> <p>I object strongly to this estate, its impact and its development.</p>
