<p>As a resident of Shepley, I am writing to object to the planning application submitted. The proposed plan for 110 houses is far too excessive for the size of the village. The access from the A629 onto Lea Drive is already difficult, Lea Drive is partially on a blind bend and is very steep. It will not cope with increased volume in traffic and is unmanageable when the weather is bad. A one-way system will not work on Knowle Park Avene, this will have a detrimental effect on the current resident's lifestyle, children will no longer be able to play on Eastfield/Lea Drive.</p> <p>The proposed planning is on green belt land and these fields are also a source of water for Shepley Spring, who employs a lot of local people and contribute a lot to the village, Why put this business in jeopardy?</p> <p>I strong object to the planning, we have 3 other current building sites in Shepley, and the public transport and amenities are not fit for such a huge increase in the population.</p>
