<p>The village has already had to and is accommodating significant housing development from Knowl Grange, Taylors Green and Worth homes, without any increases to infrastructure (Approx. 100 houses). Shepley 1st school is at 94% capacity. Kirkburton Middle school is full. Shepley Health Centre is full/ over subscribed with delays/queues for appointments. The major road network is already full/over capacity particularly on mornings and evenings without the addition of more cars and all the extra through traffic from developments in Penistone and near Rooley lane. The main Abbey road has already got a high accident rate.</p> <p>Concern that the new development may effect the water supply to Shepley Springs business with loss of jobs.</p> <p>General adverse effects on wildlife with loss of natural environment.</p>
