<p>As a resident of shepley for over 20 years I strongly object to proposal of 110 properties being developed on Eastfield. I have listed numerous reasons as to why :</p> <ul style="list-style-type: none">•The current land is green belt any construction would affect nature and woodlands.•The increase traffic will cause more pollution, congestion and a risk to public safety.•The proposed one way system onto Abbey Road from Lea drive creates a significant safety risk especially in wintery conditions due to its steepness going directly onto a busy road.•The amount of disruption it will cause on the estate will reduce the residents privacy.•The risk to a local company and its 100 plus employees if the spring is contaminated.•This is a country village which does not have the facilities to accommodate 100 plus families.•The local buses are unreliable and are limited•The local train service runs on a single line and is again unreliable.•No room in the local school.•The school currently uses Eastfield and the estate for cycling proficiency this will be lost.
