<p>This is a green field site that was not in the plan to be built on. Shepley has already had extensive housing developments adding to the already busy traffic on the main road. It's already dangerous for any school children and pedestrians to cross Abbey Rd adding this size housing development will increase the volume of traffic making the existing problems worse. There is already significant issues with speeding and car accidents in the village on the main road and the zebra crossing is just dangerous.</p>
