<p>This is not needed by Shepley and the local infrastructure doesn't support it:</p> <p>1 Roads and road access. Amount of traffic for existing residents and one way system - Eastfield exit on to A629 is too steep and too clogged, especially at School times</p> <p>2 Services already stretched, Doctors are already neigh on impossible to obtain an appointment, Dentist hasn't taken patients for years. Co-op is not a supermarket and there is zero parking to access it</p> <p>3 Shepley Spring gave a talk. This particular development will affect the ground water they are bottling affecting a a £5million business employing 130 staff. They have already cancelled investment in case they have to close.</p>
