<p>This plan is not in the interest of the Shepley community and Shepley spring</p> <ol style="list-style-type: none"><li>1. Shepley health centre is stretched all ready for doctors appointments &amp; prescriptions</li><li>2. Shepley school already at full capacity</li><li>3, The access and leaving roads were not designed for the volume and one has a 1 in 7 gradient also concrete with a tarmac cover the additional traffic would require regular maintenance and disruption to existing residents.</li><li>4, The potential contamination of Shepley Spring bore hole has a full risk assessment been taken, contamination would lead to the closure of the factory 130 jobs at risk I think the rule of if it can go wrong it will go wrong re sewage storage tanks</li><li>5. It would allow further expansion up to the Shepley war memorial and then cutting down of trees and loss of wildlife and peace tranquillity</li></ol>
