<p>I wish to object on this planning application. My concerns are around increased amount of traffic in and around the village of Shepley, congestion through the centre of the village and parking in and around the centre. Lane Head Road where cars would be entering and exiting the new housing is often busy, vehicles travel fast and the potential for accidents is concerning.</p> <p>The housing proposed is on Greenbelt land and is on and adjacent to areas that lots of village members use for exercising, enjoying nature, and dog walking. Another major concern is the capacity and infra structure to cope with the extra number of people and families. Access to GP services in Shepley is already scarce. A large development of this size will actively change the very nature and purpose of living in a village.</p>
