<p>I object to the proposed application on the following criterior.</p> <p>The propasal is for 110 houses. Each house has 2 cars, each car goes in and out 4 times a day which equates to 880 car movements a day. Add on Amazon, Tesco,Asda,Morrisons,Ocardo,post office, that is almost 1000 vehicals a day entering and exiting a small quiet rural street/estate.</p> <p>The proposal is for all vehicles to enter via the Knowle. The first house on the Knowle juts into the road! There is room only for one car to pass at a time never mind lorrys entering Shepley spring. This is a bottle neck now and i often have to reverse to allow vehicles entering the Knowle never mind another 1000 vehicles per day entering the estate.</p> <p>There is a small lane just wide enough for 1 car that runs from the railway bridge near the cask n spindle pub to the back of the Knowle. This is used primarily by walkers but WILL be used as a rat run to enter the proposed development.</p> <p>Shepley is or was a quiet rural village that is being spoilt by over development. Housing now outweighs services, ie shops, dentist, doctors etc.</p> <p>This is a horrendous proposal that will ruin our beautiful countryside, drive wildlife away, endanger children, dog walkers, dogs and innocent local residents.</p>
