<p>I strongly objective to this proposal &amp; trust that it will be fully rejected.</p> <p>From its own data Kirklees identifies that there will be insufficient places in Shepley First School to accommodate the additional children that these houses will bring &amp; no amount of money from the developer will make it work.</p> <p>The proposal to amend the roads to make Knowle Park Avenue one way is ludicrous. Pushing all traffic down Lea Drive is dangerous at the best of time but in winter would be crazy.</p> <p>Shepley Spring is a thriving business &amp; local employer &amp; nothing should be allowed that would put this at risk. The desk based work so far done by the developer is clearer inadequate.</p> <p>There are already two large scale housing developments in &amp; near the village which have both stalled due to financial problems. This would suggest that there is not the demand for new housing that the developer would have us believe. The last thing we need is another half finished building site blotting the landscape for years to come.</p>
