<p>I strongly object to this proposed development of 71 new houses in Shepley. We have recently had two developments of new houses in the village and a further one is ongoing. There has already been an impact on the overload of traffic and public services.</p> <p>I am concerned that the aquifers which supply 'Shepley Spring' a business which employs many from the village could be damaged by the developers.</p> <p>The environment and ecology of this village is being ruined by too much development, we have already lost too many of our green fields.</p> <p>The traffic in the centre of the village near the few shops is often snarled up causing chaos with drivers constantly having to reverse, this will only get worse with more people using Station Road.</p>
