<p>This application would pose many unacceptable problems for those of us who live in the village. The plans include my road losing its second exit point and having all the traffic for 110 extra houses using Lea Drive, which is already congested and crowded, particularly at school hours. The added traffic would increase the risk of a accidents, not just for cars, but also for kids and adults who walk and those who cycle.</p> <p>We moved to the village for quiet, beautiful landscape that would be significantly ruined by the addition of a huge housing estate. In addition the local services like the pre school, primary school and gp surgery, which are already saturated, would be overwhelmed with the increased number of residents.</p> <p>Please dont ruin a beautiful village with yet another housing development. The developer does not have the authority to downgrade this green belt land to a grey belt area. Please consider the effects this will have on those of us who already live here.</p>
