<p>We chose to move here ten years ago because it is a quiet, safe location. The proposed development would destroy the ambiance if we have a constant stream of cars and lorries, especially in the building stages with more congestion. We live on the corner of Eastfield and Lea Drive so the traffic would be heavy and noisy. The one-way system proposed could present real danger, particular in winter. These roads were not built to stand the volume of traffic that this development would create.</p>
