<p>As an employee of Shepley Spring, I object to this planning application because the new development behind my workplace puts my job security and career development at risk. I have worked hard to build a future here, but the introduction of more residential properties so close to our business will certainly lead to noise complaints, operating restrictions and pressure on our ability to function as a local family business. Its incredibly disheartening to think that years and years of effort and dedication could be undermined simply because of new developments that are neither needed nor appropriate in the village. The development threatens not just a building and community, but the livelihoods and futures of many local employees and residents of Shepley.</p>
