<p>I would like to object to this planning application.</p> <p>I have lived on Lea Drive for nearly 40 years. One of my objections is to the impact the new development will have on road safety.</p> <p>Suggesting that the main exit route will be from Lea Drive onto the main A629, would place all residents in a dangerous situation. In winter the gradient of this part of Lea Drive Make it extremely hazardous. In icy conditions, a car could easily slide into the busy main road. Everyone who lives on their estate uses the exit onto the Knowle to avoid accidents during bad weather.</p> <p>The first house as you enter Lea Drive on the left is a house of multiple occupancy. Resulting in many vehicles coming and going and having to park on the curbside therefore narrowing the exit. Other residents from the A629 regularly park on this area also to avoid having to park on the busy main road. Restricting the parking in this area would force parking on the main road. Badly affecting visibility of oncoming vehicles. Quite frankly, the suggestion made for entry and exit routes are dangerous and unworkable.</p> <p>We regularly have blocked drains as they are unable to cope with the existing houses. Adding further housing would only exasperate an already inadequate Drainage system.</p>
