<p>I grow up in Shepley, my family still live there and I would love to move back someday.</p> <p>Banks group say their new development will include a percentage of starter homes but at possibly 300K these are realistically out of reach for most first time buyers.</p> <p>I have no objection to house building but the right houses in the right place, does Shepley really need yet more 4 and 5 bedroom homes, it already has an unfinished site at Tenter Hills Gardens, and to build them on green belt land seems so wrong. How long will it be before Banks group apply for planning in the next fields, before long there will be no Shepley, all our surrounding villages will just become one.</p> <p>I would love to move back, but not at the expense of losing more of the beautiful green belt, putting more pressure on the village itself and the impact it will have on Shepley Spring.</p>
