<p>The village is not big enough to accommodate another 110 houses, Shop too small Health centre already difficult to get appointments School not big enough Roads already busy due to traffic going through our village to M1 etc. Public transport inadequate with 1 bus an hour finishing around 18.30 Trains 1 per hour, Station road already congested due to people double parking as no car park leave their car all day to catch a train, causing difficulty if emergency vehicles need access Sewer network insufficient already at capacity Broadband would be diluted Safety of children playing Access road from eastfield (going 1 way) down a steep incline straight onto a main busy road in winter this would cause accidents on an icy road. Loss of green area/trees etc Privacy of neighbours being overlooked</p>
