<p>1 The plan for traffic is unworkable because it is not possible to enter via Knowle when there is snow and Ice. It is dangerous in summer because of HGVs</p> <p>2 You cannot exit via the 1in 7 gradient, Lea drive when there is ice and snow, its far to dangerous.</p> <p>3 Parking provision is totally inadequate in the village, with pavement parking already a major hazard for the elderly, disabled and children, Lea drive at school times is a real black spot. Navigating the village centre by the COOP is also very difficult because of cars parked on the road.</p> <p>4 Environmental concerns threaten the business known as Shepley water works, this business must be allowed to continue in the village, loss of it would be a disaster for the local economy.</p> <p>5 School provision in the village is inadequate, many local junior school children have to travel to other villages because Shepley school is full.</p> <p>6 Access to the doctors surgery is very difficult with many residents finding it easier to go directly to A & E rather than waiting for an appointment at Shepley surgery</p>
