<p>1 The traffic is NOT WORKEABLE because it isn't possible to enter via Knowle in winter when there is snow/Ice. It is dangerous in summer because of HGVs</p> <p>2 Exit via Lea drive is impossible when there is ice/snow, its far to dangerous.</p> <p>3 Parking provision is inadequate in the village, with pavement parking already a major hazard, Lea drive at school time is a real black spot. The village centre by the COOP is also very difficult because of cars parked on the road.</p> <p>4 Environmental concerns threaten Shepley Water Works, this business must be allowed to continue in the village, loss of it would be a disaster.</p> <p>5 School provision is inadequate, many local junior school children travel to other villages because Shepley school is full.</p> <p>6 Health provision is inadequate, Access to the doctors surgery is very difficult with residents waiting unacceptably long times for an appointment at Shepley surgery.</p>
